

Gambling is already out of control here in Connecticut. Every week I see the elderly In our supermarket buy a few groceries and then drop \$50, 60, 70 or more on lottery tickets. It needs to stop and keno would be a good place to start. There are plenty of places to cut spending here, why is that not an option. Oh, forgot, it was and the people who need the most are where the cuts are being made. The handicapped, mentally challenged, mentally ill. But give the already well paid government officials a raise. We are an uncaring society and just keep preying on those who can least afford it. Stop Keno now.
