

Good afternoon,

My name is Jeffrey Beckman and I am a Torrington resident. I must voice my opposition to Keno Gambling.

Gambling is not helping our State in any way. What we need are initiatives to help create jobs, and job training for the younger generations and for the unemployed. We need provisions for our veterans who have sacrificed for the freedom we take for granted. We need to make CT more business friendly and stop taxing businesses and business owners to death.

We do NOT need to waste time looking at more ways to to misuse tax dollars.

Thank you for your time and consideration.

Sincerely,

Jeffrey Beckman
