Ref : Please support HB 7054, An Act concerning Keno

04.10.2015

Please support HB 7054, An Act concerning Keno. This bill is important for my small business because, we are located at southern Fairfield county and are bordering with New York state and very close to New Jersey. We are facing heavy competition from Casinos at Yonkers and Queens of New York and Atlantic City, New Jersey. Also these state lotteries are drawing our patrons in to their states by offering Popular games like Keno. We see everyday our clients unwillingly going to these short distance states. I strongly believe that bill HB 7054 will keep our citizens happy and smiling and ultimately help boost our State revenue and many many small businesses like ours

Thanks

Upendra Shah
