

From: Andre Gagner  
Town: Ashford

Testimony:

I vehemently oppose the use of tax dollars for the construction of a stadium in Hartford. Tax dollars would be better spent in reducing the state debt burden.

When will the Democratic majority begin to exercise even a modicum of fiscal responsibility?

The evergreen philosophy whereby the state can continue to increase the tax burden on state residents and spend on frivolous ventures is a disservice to those who toil laboriously to make ends meet.
