

I am writing to **oppose** any state spending on the new ball park set to be built in Hartford. The

Rock Cats are fine just where they are in New Britain. I have talked to a lot of people, some have approached me, about this move. They all believe that the state is crazy to spend any money on this move to Hartford. Some of these people have moved out of Connecticut due to the high taxes etc. This is one reason for higher taxes. Stop the spending, NOW.

Sincerely,
Barbara Rockwell
