Testimony:

This state cannot afford to pay one nickle for a ballpark that is not needed. Let the baseball team ownership pay for the stadium. My tax money was wasted on a bus line to New Britain that I, and other Eastern CT residents will never use. The CT government wants to tax us again with highway tolls because our gas tax has been squandered away for years, and not on road and bridge repairs. We cannot afford the programs we already have in place, we don't need to add a ballpark to pointless ideas. VOTE NO TO MY TAX MONEY GOING TO A BALLPARK!!!!
