

From: Craig Szwed
Town: Union

Testimony:

I am totally opposed to our Connecticut government spending ANY money in support of ANY stadium or ANY sports franchise.

Historically, it has been demonstrated time and again that sports venues or arenas virtually never support themselves, and virtually always become a burden on all the taxpayers in whatever state those venues are built.

Constitutionally, government is NOT in the sports business, nor should it be. Do NOT spend CT taxpayer money on sports venues.
