

To whom it may concern:

It has come to my attention that CT state tax revenue is being considered to help fund the building of a baseball stadium to house the Hartford Yard Goats.

This comes after Connecticut residents were promised that no state taxpayer dollars would be spent on this project.

I oppose the proposed legislation that would use tax dollars to pay for the stadium. The state is in a financial crisis, with funding cuts occurring in major areas that impact all residents. If state tax dollars are to be used for anything, it should be for some of those key areas where the governor has cut funding, not to build a baseball stadium.

Thank you for your time.
