

To whom it may concern:

In reference to Bill 1132, we, as taxpayers, were promised that no tax dollars would be used in the building of a stadium in a Hartford to allow the New Britain Rock Cats management to move the team to Hartford.

We are opposed to any bonding, taxation or other financial support from the State being used in this endeavor to move a business from one location to another within the State. If Hartford wants a facility it should be built with private funds not with any taxpayer funding.

Please live up to your commitment and do not allow any State funding to be used.

Respectfully submitted:
