

To Whom It May Concern,

I am sending this email to let you know I am vehemently opposed to using state tax revenue (MY TAX DOLLARS) in any way, shape and form to build the new minor league ballpark stadium in Hartford.

The infrastructure here in Connecticut is something you would see in a 3rd world country and to spend MILLIONS on a baseball stadium is ridiculous.

Perhaps our tax dollars could be better spent in refurbishing our roads and highways instead.

Regards,
Jamie M Petrucelli
