

Senator Kissel & Others,

ENOUGH IS ENOUGH! If the City of Hartford wants a baseball stadium so a bunch of GOATS can play together, then let the City taxpayers pay for it; --- OR --
- let the FANS pay for it in the TICKET PRICES ONLY, not through taxes spread throughout the State.

HARTFORD has too much revenue from the rural communities already. DO NOT add another tax burden on the surrounding communities or the State in general for these whimsical new "PIPE-DREAM" local revenue sources that Hartford's elected & appointed power brokers want. ENOUGH IS ENOUGH!

VOTE **NO** TO BILL 1132

Best Regards and thank you for asking my opinion,
John Dennis
