

From: Pamela Silvestri

Town: Willington

Testimony:

I oppose the use of state tax revenue to pay for any part of the Hartford baseball stadium. This same issue is occurring right now in Providence, RI (Pawtucket Red Sox) and is nothing less than corporate welfare if tax payer monies contribute to the relocation, construction and/or operations of these facilities. Using funds in this way only allows the ballclub/stadium owners to keep more money in their pockets.
