Subject: Conveyance Act

This land is our land, this land is for wildlife and the ecosystems that try to thrive. Haven't we done enough damage to the environment...please...I am against the Conveyance Act proposals for Silver Sands, Milford (Section 3) and the Centennial Watershed Forest (Section8) and mining in Killingly/Plainfield and Canterbury/Brooklyn (Sections 15 &16). Please make my vote count.

Thank you,
Rachel Keneally
