Subject: Support HB6748 ACC

February 12, 2015

My name is Beverly Blackwell. I am a resident of Stratford and Vice-president of the PTA Council of Stratford. I strongly support HB6748 ACC Non-partisan Membership On Board of Education. Having a Non-partisan Board of Education can prevent candidates that may be better qualified from being elected. I feel it can also persuade a person to favor a candidate solely on their party's affiliation and not by their experience. In which may not necessarily be in the interest of our primary concern, our children.
