Sorry - I am writing this in haste. Hopefully it will reach you in time. The area for which this project is located is not suitable for so many people and cars. It is already difficult to see oncoming cars when exiting I95 which is right adjacent to this property. The congestion would be very dangerous to other cars and pedestrians. I live at Southport Woods East and travel this road daily. It really would be dreadful for the Southport area. Sincerely, Helen Watkins, 26 Mill Hill Rd., Southport.
