Re: Bill H6847, an Act Enhancing Access to Behavioral Services and Services to Youth

I am writing in support of Bill H6847, an Act Enhancing Access to Behavioral Health Services and Services for Youths with Autism Spectrum Disorders. This bill is written to improve services covered under commercial insurance for individuals with Autism Spectrum Disorders.

By increasing the age limit of individuals covered under the mandate and eliminating caps in coverage, this bill will provide a means for a larger population of individuals with Autism Spectrum Disorders to access Applied Behavior Analytic services, an effective and evidence based intervention.

Thank you for making a stand to protect this population of wonderful people who cannot always speak up and protect themselves.

Please do not hesitate to contact me if you have any further questions.

Warm Regards,

Keri Spielmann, MS, BCBA
