I respectfully submit the following testimony

OPPOSE THIS BILL - House Bill 6848

Everyday the headlines are full of injustices committed against people. Due process is what equalizes these injustices.

I know a guy who was trying to reel in his teenage daughter who retaliated by calling the police and saying here father threatened and has guns in the house. This was no accident, she did this a few days before a hunting trip he had been looking forward to for months. His firearms were removed and he was not able to go on his hunting trip.

There are laws on the Connecticut books that allow police officers to remove firearms from a person deemed to be a eminent threat.

Additionally, this bill does not state the provisions or process on how to get firearms back once the situations is resolved.

I urge you to VOTE AGAINST House Bill 6848

Thank you for your time
