Hello Representatives,

It has come to my attention the State of Connecticut is once again considering gun control legislation. I urge you not to support these bills as existing law already addresses the concerns indicated in these bills.

As a law abiding citizen of the State of Connecticut I have had my homes broken into and robbed 3 different times over the years. Fortunately this happened many years ago when people weren't as "crazy" as they are today. People only robbed you back then, today much worst things are happening when some one breaks into your home.

I am fairly certain based on statistical data the person's breaking into our houses over the years were not carrying a State of Connecticut Issued Pistol Permit.

Maybe we could double down on actual criminals instead of doubling down on those of us who simply enjoy shooting sports and would also like some peace of mind in our own homes.

Sincerely
Keith Charles
