**Subject:** March 11, 2015 Judiciary Committee Meeting

Hello,

My name is Rick Wiese and I live in Colchester, CT. I am unable to attend the March 11th Judiciary committee meeting, but would like to provide input on a few bills that are on the agenda.

SB650 - I oppose this bill as it would allow confiscation of personal property without due process.

HB6848 - I oppose this bill as it also would allow a person's rights to be denied without due process.

HB6962 - I oppose this bill. Current CT laws regarding storage are strong enough. A person should not be punished when an object they own is stolen and used by a criminal. When a person has something that they legally own stolen from them, they are a victim of a crime, not a criminal.

Thank you,

Rick Wiese
