I am **Opposed** to HB0648 An Act Protecting Victims of Domestic Violence. This act designed to protect victims of domestic violence will not work, and will only serve to deny the right of due process to owners of firearms.

I am **Opposed** to HB06962 An Act Concerning Firearm Safety. This act will not contribute to firearm safety and only hinder the this citizen's right to defend themselves in an emergency.

I am **Opposed** to SB00650 An Act Concerning Temporary Restraining Orders. This is redundant legislation and goes on to deny citizens their right to due process.
