To: Members of the CT legislature's Judiciary Committee

When Bill 7-15 comes before you I respectfully ask that you decline Bill 7015 and any bill that would make assisted suicide legal in Connecticut.

I write this not out of lack of compassion for those suffering from terminal, painful or debilitating illnesses, but because I am persuaded there are existing ways to reduce such suffering and allow for a quiet peaceful death. I also believe that a significant number of citizens, regardless of their particular religious convictions, regard assisted suicide a moral issue that requires thoughtful on the part of all CT citizens.

Thank you for carefully considering this and other letters that oppose the legalization of assisted suicide.
