

HB 7015: Assisted Suicide – Appeal for Opposition at public hearing this Wed., March 18 at 10:30 am

I write to express opposition to assisted suicide & ask your support through opposing introduction into our legislature any bill expressly promoting or containing any wording that promotes legalization of assisted suicide. If such law were to pass, it will severely diminish the quality of life for CT citizens and will begin to take us down the road of assisted suicides without restrictions as has happened in many countries.

Miracles happen all the time – please, please!! Almost lost my Dad with blood pressure of 43 & he's now doing well!! Doctors & care providers, family & friends are all amazed!! So, we never know what can happen & have no right to interfere!! What if it were one of your close family members??

Remember, only God gives & takes life – any other way brings scars for the lives of those who participate in the taking of a life in any way.

Respectfully submitted,
JoAnn C. Pospisil
