Subject: Senate Bill 668

Dear Legislators,

We are very much opposed to Senate Bill 668 which would make assisted suicide legal. We would encourage greater care through Hospice etc. to help people in their final days. Ultimately, no one knows the hour of death and what might transpire in a person's life in the interim. We think this bill would be a dangerous precedent in the way life is treated. Life is given by God and taken only by Him, our creator.

We strongly urge you to vote against this bill.

Appreciatively,

Newt and Barbara Schoenly

Subject: Senate Bill 668

To the Legislature Judiciary Committee:

Please know that I am totally against legalizing assisted suicide in Connecticut. Doctors' roles should be to protect and save human lives. They should not be permitted to legally prescribe a lethal dose of medication to patients with less than 6 months to live.

Bill 668 would set a dangerous precedent for the way human life is treated in our state. Please focus instead on increasing access to hospice care and adequate and affordable nursing homes and pain management.

Kind regards,

Marianne Fahey
