To Whom It May Concern:

I am writing to express my support of the death with dignity act. As a social worker, my core values promote autonomy and self-determination. I believe that this act will support my clients in these areas and allow them to make their own decisions regarding how they want to die. Terminally ill clients have less than six months or less to live and this will allow their death to be on their own terms. Please support this bill. Thank you for your time.

Sincerely,
