Subject: Raised Bill 7015, AN ACT CONCERNING TERMANALLY ILL PATIENTS

Hon. Members of House Judiciary Committee:

I have a Living Will, in the event that I became significantly ill. Were that to be the case, there are some procedures indicated to my family, as well as in writing not to administer. If then, a Physician, the Competent Patient and their Family decided some form of help the Patient in order to die were appropriate RB 7015 would help.

Undergoing a lot of pain could be handled without ultimately deciding to die. At the moment I do not know the names of the Judiciary Committee, so cannot address you by name. At some point I could look up your names and let Representative Carlo Leone know of my thoughts.

Sincerely,

Leslie Weinberg
