## **SENATOR MARTIN LOONEY**

### **Re: Senate Bill 650**

**We are beginning to understand why legislators with a 'D' after their name are becoming known as "the usual suspects."**

**Keep your legislative paws off our fundamental rights to due process, to be secure from search or seizure in the absence of probable cause of criminal conduct, and note the 10<sup>th</sup> Amendment prohibition against State interference with our 2<sup>nd</sup> Amendment right to keep and bear arms.**

**Are you aware that your advocacy constitutes a rebellion or insurrection against the authority of the United States (which is exclusively the Constitution of the United States) all in violation of 18USC2383? Are you sure you want to pursue this insurrection of yours?**

I have never met a pro-active gun-banner yet who didn't harbor a secret desire to beat someone senseless with their fists and their feet, or perhaps with a baseball bat, for being ... "difficult". For not doing as they are told. For not agreeing with whatever nonsense they wish to blather. For not worshipping the ground they walk on. Gun-banners hate gun owners

because gun owners don't have to put up with their crap. It must be terribly frustrating, poor things.
