Subject: Oppose Unconstitutional S-650

Gentleman --

I am writing to ask you to oppose bill S-650.

To deny due-process is wrong and undeniably unconstitutional. S-690 is an attempt by its sponsor to harass those exercising their Second Amendment rights; as such it is doubly in the wrong.

While I do not live in Connecticut, I have been a frequent traveler through your state for more than six decades on my way to Maine. Rest assured that with the passage of S-650, I will arrange my future trips so as to make no stops in Connecticut, for food, fuel, nor rest.

Also, please be aware that I also will urge others to do likewise, avoiding any contribution to a state so willing to blatantly take away the guaranteed rights which are the due of any American.

Passage of S-650 would be a horrible betrayal. I will support any subsequent court actions to strike it down. It is not difficult to predict the costs which the state of Connecticut will incur in its defense should S-650 pass.

S-650 is unconscionable. As one lawmaker to another, I ask you to vote it down.

Thank-you,
