**I oppose Senate Bill 650 and House Bill 6848. It is completely unconstitutional. It's like something the British would have done in revolutionary times. This is not Soviet Russia. This is not Nazi Germany. We have the right to due process and the right to bear arms. If bills like this get passed It will cause more unrest among people already uneasy about world events. Many people already greatly distrust the government because of anti-gun bills and alienating them further is not the answer. Our Revolutionary war started when taxes of tea were raised. Imagine what will happen when people are denied due process and stripped of their weapons. Please for the good of the people vote against these bills.**
