Subject: Senate bill 650

I oppose of this bill. It goes against my 2nd amendment right to bear arms. I understand that Connecticut hates guns because of sandy hook. I get that. But that kid was not a law abiding person. He was not permitted to carry. This law takes firearms away from gun owners that went through the process to legally own and carry by CT rules. Now without any say this is going to confiscate firearms from citizens. That is wrong. I feel very bad about what happened at sandy hook. But you can't punish everyone for a very very horrible mistake of one person
