Subject: Please support Senate Bill 1067

Dear Judiciary Committee Members,

I ask that you restore the right of biological parent(s) to have access to the papers they signed or received at the time of the voluntary relinquishment of their child(ren).

Any person who signs legal papers receives copies of what they signed i.e.: mortgage, auto purchase/sale, house purchase/sale etc.

Biological parents were not given this most basic legal right. Please help to change this wrongful situation and allow birth parents the right of access to, and possession of, the child relinquishment papers signed by them.

Thank you for your kind consideration of this matter.

Sincerely,

Marion Conklin
419 Fern St
West Hartford, CT 06107
