Subject: Senate bill 1067

I am Eileen McQuade, a birthmother and a resident of South Windsor, CT. When I relinquished my daughter I was 19 years of age (age of majority at that time was 21) and I was never given a copy of the papers I signed. It would help me in my healing process to see what the document was. I can and will provide a birth certificate to validate that I am in fact the person who signed that document in 1966.

I cannot recall any other instance in my adult life when I was not allowed to have a copy of a document that I signed.

I would appreciate your support of Senate Bill 1067.

Thanks for your consideration,
Eileen McQuade
