Subject: Senate Bill 798, House Bills 5862 and 6566

I'm writing to ask that these three bills be passed! Infants and mothers need extended time to bond. In the face of rent/mortgages/educational debt giving families unpaid leave is of little or no use. We need a system that supports the health and well being of families and children. Paid maternal and family leave is the right thing to have in place. our current system has a third world standard. I so hope that our Connecticut reps will rise to the occasion and vote for these bills.

Thank you,
