

Our economy isn't working for too many people, and it is even more difficult for women.

I support HB 6932 and HB 6784 because they allow workers to balance caring for their families and their jobs. We should recognize how hard we work and therefore when we need time off we should be able to and not lose our jobs. We are all getting older and medical appointments are not only for our kids but for our parents and ourselves.
