

The Town of Scotland would like to support the above captioned Bill No. 188 as a cost savings. The cost currently to the town is approximately \$1,065.00 annually for the publishing of tax collector legal notices **only**. As one of the smallest towns in the State this savings would be a great benefit. If this bill includes all municipal public notices, such as town meetings, passing of ordinances, voter registration sessions, etc.. the town could have a savings of at least double the amount stated above.

Also, the elimination of municipalities to store the possessions of evicted tenants is supported by the Town of Scotland. Our manpower is limited as well as the space for storage.

We would like to thank Senator Osten for her introduction of this bill.

Respectfully submitted,

Zayne R. Ring, CCTC, CCMC  
Scotland Town Clerk/Tax Collector
