Public Health Committee  
Connecticut General Assembly  
Legislative Office Building 3000  
Hartford, CT 06106

Dear Committee Chair,

I am writing to you with regard to the upcoming public hearing to discuss bill SB No.590 to permit the commercial use of Sous Vide. The Round Hill Club as well as numerous other clubs within Greenwich and throughout the state of Connecticut have benefited from the use of this technology and recently have been forced to discontinue this practice.

On behalf of our Club and the numerous other clubs and Executive Chefs in the state, we request that the committee look favorably on passing this bill. If passed, our segment of the food industry can catch up to the many other states that have already embraced this art of cooking.

If you require any additional material to support our request please let me know. Thank you in advance for your assistance.

Sincerely,
