

SB 590

Public Health Committee

Connecticut General Assembly

Legislative Office Building 3000

Hartford, CT 06106

Dear Committee Chair,

I write to you as the General Manager of the Milbrook Club in Greenwich, CT. The Milbrook Club is a family oriented country club with many sporting amenities and of course dining services.

It has come to my attention that this coming Friday, February 18, 2015, The Public Health Committee will hold a public hearing in regards to bill SB No.590 to permit the commercial use of Sous Vide. On behalf of my club and all private clubs in the state of Connecticut, we request that the committee look favorably on passing this bill. If passed, our segment of the food industry can catch up to the many other states that have already embraced this art of cooking. Our chefs are well trained, educated professionals that have received advanced training in line in the HACCP protocols associated this with form of cookery.

If you require any additional material to support our request please let me know. Thank you in advance for your assistance.

Scott
