I am Dr Barbara Kuznesof-Knee of Cromwell Ct- I want to thank Senator Gerratana and Representantative Ritter and the members of the Public Health Committee for raising the bill and urge them to pass it out of their committee. My son, Scott Knee, is 22 years old with intellectual disabilities. I am concerned about his future - where will he live? Who will take care of him ? How can he be productive in our society? I have attended sessions at the Capitol. I have learned how other states have closed their intermediate care facilities and made the transition beneficial to their former residents We need a fair way to distribute the funds that this state provides to all individuals who need DDS services-. Scott needs your help - thank you for your efforts- and let me know how I can help
