

1089

Good Afternoon.

As a Board Certified Behavior Analyst in the state of Connecticut I am writing to state my favor of SB 1089 sections 23-29 and I urge you to pass this very important bill.

Many of my clients and their families are not able to be supported in acquiring the therapy that they so desperately need. With research based interventions available and clinicians ready to begin treatment, I urge you to support and pass this bill. 19 states, including our neighbors, NY, MA and RI already have licensure laws in plays. This licensure could easily be incorporated into the new Medicaid regulations and make it easier for families to obtain private insurance funding for ABA services.

Again, as a BCBA in this state I urge you to pass this bill.

Sincerely,
Courtney RInaldi, M.A., BCBA
Guilford, CT
