To Whom It May Concern,

I am a resident of Connecticut and a Registered Behavior Technician. I believe it is important to defend the children I work with and make sure that they are protected from people claiming to be "behavior specialists" who do not possess the education and skill necessary to provide services. By changing the language of this bill and providing licensure the way that Rhode Island, Massachusetts and New York have, I believe we can help Connecticut provide excellent service to those who need it most. Please help us pass this as soon as possible!

Thank you for your time,  
Devon Unkel
