

1089

Hello,

My name is Jennifer Volpe and I am a BCBA who lives in Prospect, CT. I currently work for Cheshire Public Schools as well as Creative Interventions, LLC. I am in favor of bill SB 1089 23-29. It is crucial to pass this bill in order to support individuals who receive ABA services in the state regardless of their age. Connecticut needs to join suit and be the next state to pass licensure after NY, MA, and RI. This will make it easier for a family to obtain private funding for ABA services. Thank you for your time,
Jennifer Volpe
