To whom this may concern,

I am a Board Certified Assistant Behavior Analyst in the state of Connecticut providing ABA consulting services in public schools. I am writing to you today to tell you I am in favor of SB 1089 sections 23 – 29, in regards to licensure for behavior analysts. I hope that you will strongly consider passing this bill in the near future. I hope that you take into account how important this bill is to the residents of Connecticut, both those residents who receive ABA services from BCBA's and BCABA's and the behavior analysts themselves. I am honestly concerned that many families and individuals who deserve the right to obtain funding for ABA services will not get the privilege in Connecticut, this will impact those residents significantly in their everyday lives! **Please pass SB 1089 Sections 23-29.**

Thank you for your time.

Sincerely,
Joanne Kielczewski, BCaBA
