

My name is John Elash, I am from New Haven CT and work at a private school for kids with autism along side Board Certified Behavior Analysts.

Behavior Analysts, those certified as BCBA's & BCaBa's and those who work in the field of behavior analysis are very important and should be nationally recognized. This field is supportive and effective in working with and educating individuals with autism.

Lisencensure is crucial for those working as Behavior Analysts. I therefore support this bill, thank you for your time.
