

1089

Hi, my name is Marisa D'Amico I am a BCBA working at a school in Milford, Ct. I live at 23213 Town Walk Drive, Hamden, Ct. I am in support of SB 1089 sections 23-29.

Nineteen other states have approved licensure ensuring non certified 'behaviorists', who do not necessarily have the knowledge or experience to work with the vulnerable population we deal with, are not able to oversee these programs.

We have national accreditation through the BACB and I believe should also be recognized at the state level as well.

Thank you for your time,
Marisa D'Amico
