

To Whom This May Concern,

Today I am writing to you to express my support of licensure for behavior analysts in Connecticut. I am in favor and support SB 1089 sections 23 – 29. This bill will benefit 458 residents who are currently certified as BCBA's or BCaBA's who provide Applied Behavior Analytic services to thousands of individuals across Connecticut. Ultimately, this bill can help families get private insurance funding for Applied Behavior Analysis services. Getting more ABA services to the individuals who benefit from them will significantly impact their lives in a positive way. I urge you to pass SB 1089 sections 23 – 29.

Thank you for your time.

Richard Searle
