Comments: Dear Representative Conroy,

First I would like to Thank You for introducing Bill HB 6494. The Town of Monroe has a big problem with blasting. I was watching CTFOX news this morning and heard about tonights meeting in West Hartford that Representative Kane is hosting. The information on CTFOX news was vague and the Town Hall in West Hartford information desk had no idea about this meeting. With just finding out about tonights meeting it's going to be tough getting some of the residents there due to such short notice.

I will try to get in touch with the fire marshal to get the list of complains and blasting dates from both projects this developer has/is doing in our town.

Thank you again,  
Leon & Cynthia Ambrosey

Leon's cell 203 727 2480

Cynthia cell 203 727 2481

Updates: yes
