

General Assembly

January Session, 2015

Proposed Bill No. 6500

LCO No. 116

Referred to Committee on TRANSPORTATION

Introduced by:
REP. BECKER, 19th Dist.

**AN ACT CONCERNING A TWO-PART MOTOR VEHICLE
REGISTRATION SYSTEM.**

Be it enacted by the Senate and House of Representatives in General Assembly convened:

1 That the general statutes be amended to require the Department of
2 Motor Vehicles to return to a two-part registration system, where the
3 first mailing notifies the car owner not only of the required registration
4 fee, but also of any outstanding property taxes or emissions testing
5 requirements, and the registration is received upon a second mailing,
6 only after all requirements have been met. To enable the department to
7 implement this, one dollar and fifty cents will be added to each motor
8 vehicle registration, and the two-part system will only become
9 effective on and after January 1, 2017, when adequate funds are
10 available and software is in place to implement the system.

Statement of Purpose:

To clarify for owners when a registration is complete and valid, and to avoid putting police officers in the position of informing owners that their registration is not valid.
