AN ACT CONCERNING CHILDHOOD VACCINATIONS.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Section 1. Subsection (a) of section 10-204a of the general statutes is repealed and the following is substituted in lieu thereof (Effective July 1, 2015):

(a) Each local or regional board of education, or similar body governing a nonpublic school or schools, shall require each child to be protected by adequate immunization against diphtheria, pertussis, tetanus, poliomyelitis, measles, mumps, rubella, hemophilus influenzae type B and any other vaccine required by the schedule for active immunization adopted pursuant to section 19a-7f before being permitted to enroll in any program operated by a public or nonpublic school under its jurisdiction. Before being permitted to enter seventh grade, a child shall receive a second immunization against measles. Any such child who (1) presents a certificate from a physician, physician assistant, advanced practice registered nurse or local health agency stating that initial immunizations have been given to such child and additional immunizations are in process under guidelines and schedules specified by the Commissioner of Public Health; or (2) presents a certificate from a physician, physician assistant or advanced practice registered nurse stating that in the opinion of such physician, physician assistant or advanced practice registered nurse such
immunization is medically contraindicated because of the physical condition of such child; or (3) presents a notarized statement from the parents or guardian of such child that such immunization would be contrary to the religious beliefs of such child; or (4) in the case of measles, mumps or rubella, presents a certificate from a physician, physician assistant or advanced practice registered nurse or from the director of health in such child’s present or previous town of residence, stating that the child has had a confirmed case of such disease; or (5) in the case of hemophilus influenzae type B has passed his fifth birthday; or (6) in the case of pertussis, has passed his sixth birthday, shall be exempt from the appropriate provisions of this section. If the parents or guardians of any children are unable to pay for such immunizations, the expense of such immunizations shall, on the recommendations of such board of education, be paid by the town.

Sec. 2. Subsection (a) of section 19a-79 of the general statutes is repealed and the following is substituted in lieu thereof (Effective July 1, 2015):

(a) The Commissioner of Early Childhood shall adopt regulations, in accordance with the provisions of chapter 54, to carry out the purposes of sections 19a-77 to 19a-80, inclusive, and 19a-82 to 19a-87, inclusive, and to assure that child day care centers and group day care homes shall meet the health, educational and social needs of children utilizing such child day care centers and group day care homes. Such regulations shall (1) specify that before being permitted to attend any child day care center or group day care home, each child shall be protected as age-appropriate by adequate immunization against diphtheria, pertussis, tetanus, poliomyelitis, measles, mumps, rubella, hemophilus influenzae type B and any other vaccine required by the schedule of active immunization adopted pursuant to section 19a-7f, including appropriate exemptions for children for whom such immunization is medically contraindicated and for children whose parents [object] or guardian objects to such immunization on religious grounds, and that any objection by parents or a guardian to
immunization of a child on religious grounds shall be accompanied by a notarized statement from such parents or guardian that such immunization would be contrary to the religious beliefs of such child,

(2) specify conditions under which child day care center directors and teachers and group day care home providers may administer tests to monitor glucose levels in a child with diagnosed diabetes mellitus, and administer medicinal preparations, including controlled drugs specified in the regulations by the commissioner, to a child receiving child day care services at such child day care center or group day care home pursuant to the written order of a physician licensed to practice medicine or a dentist licensed to practice dental medicine in this or another state, or an advanced practice registered nurse licensed to prescribe in accordance with section 20-94a, or a physician assistant licensed to prescribe in accordance with section 20-12d, and the written authorization of a parent or guardian of such child, (3) specify that an operator of a child day care center or group day care home, licensed before January 1, 1986, or an operator who receives a license after January 1, 1986, for a facility licensed prior to January 1, 1986, shall provide a minimum of thirty square feet per child of total indoor usable space, free of furniture except that needed for the children's purposes, exclusive of toilet rooms, bathrooms, coatrooms, kitchens, halls, isolation room or other rooms used for purposes other than the activities of the children, (4) specify that a child day care center or group day care home licensed after January 1, 1986, shall provide thirty-five square feet per child of total indoor usable space, (5) establish appropriate child day care center staffing requirements for employees certified in cardiopulmonary resuscitation by the American Red Cross, the American Heart Association, the National Safety Council, American Safety and Health Institute or Medic First Aid International, Inc., (6) specify that on and after January 1, 2003, a child day care center or group day care home (A) shall not deny services to a child on the basis of a child's known or suspected allergy or because a child has a prescription for an automatic prefilled cartridge injector or similar automatic injectable equipment used to treat an allergic reaction, or for injectable equipment used to administer glucagon, (B)
shall, not later than three weeks after such child's enrollment in such a
center or home, have staff trained in the use of such equipment on-site
during all hours when such a child is on-site, (C) shall require such
child's parent or guardian to provide the injector or injectable
equipment and a copy of the prescription for such medication and
injector or injectable equipment upon enrollment of such child, and (D)
 shall require a parent or guardian enrolling such a child to replace
such medication and equipment prior to its expiration date, (7) specify
that on and after January 1, 2005, a child day care center or group day
care home (A) shall not deny services to a child on the basis of a child's
diagnosis of asthma or because a child has a prescription for an
inhaletal medication to treat asthma, and (B) shall, not later than three
weeks after such child's enrollment in such a center or home, have staff
trained in the administration of such medication on-site during all
hours when such a child is on-site, and (8) establish physical plant
requirements for licensed child day care centers and licensed group
day care homes that exclusively serve school-age children. When
establishing such requirements, the Office of Early Childhood shall
give consideration to child day care centers and group day care homes
that are located in private or public school buildings. With respect to
this subdivision only, the commissioner shall implement policies and
procedures necessary to implement the physical plant requirements
established pursuant to this subdivision while in the process of
adopting such policies and procedures in regulation form. Until
replaced by policies and procedures implemented pursuant to this
subdivision, any physical plant requirement specified in the office's
regulations that is generally applicable to child day care centers and
group day care homes shall continue to be applicable to such centers
and group day care homes that exclusively serve school-age children.
The commissioner shall print notice of the intent to adopt regulations
pursuant to this subdivision in the Connecticut Law Journal not later
than twenty days after the date of implementation of such policies and
procedures. Policies and procedures implemented pursuant to this
subdivision shall be valid until the time final regulations are adopted.
This act shall take effect as follows and shall amend the following sections:
