Hi Mary,

I was informed earlier today that if I directed this to you, you could be sure that it got in the right hands at the Transportation Committee. Thanks for your help.

I would like to offer this brief testimony in support of the bill that aims to name the access drive to the Colchester Maintenance Facility in honor of Lisa Maynard. I was Lisa's last supervisor at DOT and a friend to her and her husband. Lisa exemplified everything any organization would want in an employee. She was smart, worked hard, was a great team player and could always be counted on to incorporate innovative solutions while completing projects on schedule. She courageously fought cancer twice but you would never hear her complain. Not only was she a great role model to those around her, she also was the rock of her family. She is greatly missed by all who knew her. I can think of few ways to better recognize her legacy of contributions and commitment of years of service than to honor her by naming this driveway after her. Sincerely, Keith A. Hall
