

It seems to me that our legislature keeps on spending and spending. I just read over the weekend that Meriden's interchange is scheduled for an \$800,000,000 (?) update at I-91/Rt 15 and 691. How much more can CT take. More taxes, more businesses leave, and our young must move out-of-state for jobs and an affordable life. Please change your ways in Hartford, and the first place to start is to stop feeding CT with more taxes, and then determining where we can cut. Other States may have tolls at their borders, but we don't need them here.
