

Members of Transportation Committee,

I am writing to express my opposition to the outrageous attempt to put up tolls on Connecticut's borders. This is simply another burdensome tax on CT residents, and will unfairly burden those who live near the state's borders. Our state is already one of the highest taxed state's in the country (if not the highest) and there is simply no justification for adding this burden to the already overwhelmed taxpayers in Connecticut. Enough already. Live within your means like your constituents.
